Pro Tips for Planning

Figure out when you want to arrive and work backwards from that time.

If your stop is not a timepoint try to make it to your stop close to when your bus leaves the timepoint before your stop.

Always account for walking time when planning your trip.

Where's My Bus?

You can use the same trip planning apps to track your vehicle in real-time. You can also go to our website SRCityBus.org and view our interactive map for real-time information.

You can use also text the bus stop number to 41411 to get real-time arrivals. Our bus stop signs look like that this →
