HOW TO USE THE SYSTEM MAP
COMO USAR EL MAPA Y HORARIO

Find the CityBus route closest to the location where you want to board the bus. Be sure the bus is heading in the direction you want to travel. Find the CityBus route closest to your final destination. Identify the bus stop on the map where you will board the bus and the stop at your final destination.

If your bus stop is a time point, which is marked with a white hexagon, then you can find the bus arrival time on the time schedule shown here. To catch a bus at a stop between time points, check the time points before and after your stop and estimate when the bus will arrive at your bus stop. Allow about five minutes extra.

Read across the schedule from your boarding time to see when you will arrive at your destination.

Notes: Times listed in bold are PM hours. The " " mark indicates that the trip does not serve that timepoint.

Encuentre la ruta de CityBus más cercana al lugar donde desea abordar el autobús. Asegúrese de que el autobús se dirija en la dirección que desea viajar. Encuentre la ruta de CityBus más cercana a su destino final. Identifique la parada de autobús en el mapa donde abordará el autobús y la parada en su destino final.

BIKES ON BUSES
BICICLETAS EN LOS AUTOBÚS
All buses are equipped with bike racks. The bike racks are located on the front bumper of the bus and can accommodate up to three bicycles at a time, on a first come, first served basis. Bicyclists are responsible for loading, securing, and unloading their bicycles (Bus operators cannot assist). If the racks are full and there is space inside, bicycles are allowed inside the bus. Wheelchairs always have priority.

Todos los autobuses están equipados con portabicicletas. Los autobuses tienen espacio para hasta tres bicicletas a la vez, por orden de llegada. Los ciclistas son responsables de cargar, asegurar y descargar sus bicicletas (los operadores de autobuses no pueden ayudar). Si los portabicicletas están llenos y hay espacio en el interior, se permiten bicicletas dentro del autobús. Las sillas de ruedas siempre tienen prioridad.

Nota: Los horarios en letra gruesa son las horas PM. La marca " " indica que el viaje no sirve para ese punto temporal.
